

Appendix 1: Climactic Impact-Driver categories

(IPCC, 2021, 2224)

Climatic Impact-Driver Categories							
Climactic Impact-Driver Types	Heat and Cold	Wet and Dry	Coastal	Wind	Snow and Ice	Open Ocean	Other
	Mean air temperature	Mean precipitation	Relative sea level	Mean wind speed	Snow, glacier, and ice sheet	Mean ocean temperatures	Air pollution weather
	Extreme heat	River flood	Coastal flood	Severe windstorm	Permafrost	Marine heatwaves	Atmospheric CO ₂ at surface
	Cold spell	Heavy precipitation and pluvial flood	Coastal erosion	Tropical cyclone	Lake, river, and sea ice	Ocean acidity	Radiation at surface
	Frost	Aridity		Sand and dust storm	Heavy snowfall and ice storm	Ocean salinity	
		Hydrological drought			Hail	Dissolved oxygen	
		Agricultural and ecological drought			Snow avalanche		
		Fire weather
